2011 Winter/Spring Season Notes:

- * It was another fine season of scrabblin' at Club #438, with 30 players playing at least one session and 14 playing at least ten games between January-June. Over 26 sessions at Wirz Park, we played 501 games, plunked down 1306 bingos, and scored 374,399 points!
- * Tim hoisted the club gonfalon, with the best win percentage, most session wins, and highest marks in many statistical categories, but several players were close on his heels. And there is plenty of parity overall, with almost every matchup resulting in an interesting game.
- * We welcomed several new regular players this season, including Brendan, Mohammed, and Talib, and Ken returned after a long hiatus. Welcome, and we look forward to seeing you more in the coming months and years!
